

In March and April 2005, Master Lam brought more than 70 of his students, coming from 14 different countries, to an unforgettable trip through China.

Following the ancient silk road, we enjoyed uncountable treasures, the cold winds of the Tibetan plateau, the burning sun of the desert, camel rides in sandstorms and the 85th birthday celebration of Professor Yu Yong Nian.

This DVD is dedicated to Master Lam and his wife who made every effort to turn this journey into such a wonderful experience.
